My dear friend

Our contribution to your Bazaar is this year (I am sorry to say) so small, that I have sent the articles to Manchester to be enclosed in the box from thence. Whether or not we shall be able to do better another year, I know not, but I intend to try —

The enclosed list gives you the prices at which the cutlery sells here — I send it, tho' not sure that it will be of any use to you —

The other articles sent are 5 packs of Conversation cards — 2 stamps

of flowers painted - The Abbessus of four of the Hutchinson family framed - A workbasket containing a few small dolls, book marks pincushions &c - These last are sent by a little girl - Please tell our dear friend F. Douglass, they are sent by Hen^a Wall, whom we doubt he will remember -

We are very anxious about our dear friend W. L. Garrison, and cannot help fearing imputed for the arrival of the last Steamer - It will be twelve months on Wednesday since I spent a most interesting day with him at Liverpool & twelve months the following day since I shook him, I fear, a last farewell - That his valuable life

may long be spared, is my sincere desire — It is a great satisfaction to hear our dear friend & brother H. C. Wright is gone to him — his tender & affectionate care will be a great comfort to the sufferer & it must be a great relief to his poor wife & absent friends to know that he is attended by such a friend — I inclose this with a letter to H. C. W.

We shall be glad to hear of the success of your Bazaar — Be assured your devotedness to the sacred cause of Abolition engages our warmest sympathy — My sister joins me in love to thee — Thy friend
